# Lake Saint Louis Comprehensive Plan NEWSLETTER

Winter 2017

## Great Attendance for Second Comprehensive Plan Open House

Close to one-hundred people attended the second comprehensive plan open house on January 26th at City Hall. Thanks to all who joined us! At the meeting, attendees had the opportunity to review results of the community preference survey completed this fall, take an interactive visual preference survey, and review draft plan principles. All open house materials, including the visual preference survey are available online at [www.myfuturelakesaintlouis.com](http://www.myfuturelakesaintlouis.com).

## Planning Team Uses Community Input to Guide Comprehensive Plan

Using extensive community feedback, the planning team has identified principles that will guide development of recommendations for the comprehensive plan. "With the citywide survey, community and stakeholder meetings, and the first open house, the planning team was able to hear about key issues and priorities directly from the community," said Kathy Schweikert, Mayor of Lake Saint Louis.

The draft plan principles were brought to the public for consideration at the open house on January 26. The principles presented were: a Prosperous Local Economy, Neighborhood Vitality, Community Cohesion, Community Character, An Outdoor Lifestyle, and Fiscal Responsibility. Attendee response to the draft principles was positive.

**Response to Draft Plan Principles by Open House Attendees**

Sounds great!	Generally good	Not on the right track
34%	66%	0%

Specific goals and action steps to carry out the principles will be developed as a next step in the planning process.

*Attendees review displays at the second open house.*

*Open house attendee votes on development ideas for the Meadows.*

## Visual Preference Survey – Available Online

If you missed the Visual Preference Survey at the open house, you can "vote" on various designs for housing, retail and other types of development online through February 28, [www.surveymonkey.com/r/LakeSaintLouisVisualPreference](http://www.surveymonkey.com/r/LakeSaintLouisVisualPreference). Please do!

*Open house attendees participate in the Visual Preference Survey.*

## Stay Involved

- Visit [www.MyFutureLakeSaintLouis.com](http://www.MyFutureLakeSaintLouis.com) to stay up to date about the plan.
- Attend our next open house in late April 2017.
